Club History

Panteg AFC was formed in 1936 under the name RTB Panteg (which became Panteg in 1972) as a team representing the local Richard Thomas and Baldwin Steelworks (previously Baldwin Steelworks), and played its home games at the RTB Sportsground, but in 1981 the grounds were sold to make way for a major road development. The club then relocated half a mile away to Panteg House Sportsground, where they have been ever since.

The team were relegated from The Welsh League in 1999 to the Gwent County League but earned promotion back to Welsh League as division one runners up in the 2013-14 season.
